

Achieving Successful Outcomes Through A Team Approach

At the Chicago Center for Sports Medicine and Orthopedic Surgery, our philosophy of care is centered around patient information and patient understanding.

Our physicians, therapists and staff embody this team concept. Treatment decisions are made with the collective understanding of the patient and family, primary care physician and the surgeon.

Here, everyone is on the same page. Patients are empowered and that allows for a speedy and more effective recovery.

When you become a patient of the Chicago Center for Sports Medicine and Orthopedic Surgery, you become a part of our team - and our team accepts nothing less than success.

Our physicians and therapists understand the demands of an athlete's rigorous training schedule and the innate drive for excellence because they've been there themselves. This unique personal experience - combined with our fellowship training - can be applied throughout all walks of life, whether you're an injured athlete, injured worker, or just don't want to live with the pain anymore. This real-life experience makes the CCSMOS team one of the most expert and accomplished practices in the Chicagoland area.

Our diagnosis, treatment and rehabilitation of all patients are exceptional because of this education and experience; our multidisciplinary approach makes us a real medical dream team.

When you become our patient - whether your ambition is to compete on the playing field or to just move without pain - you become part of our team. And for you, we accept nothing less than success.

Meet Our Physicians

Dr. Gregory L. Primus is a Board Certified Orthopedic Surgeon. He received his M.D. from the University of Chicago Pritzker School of Medicine and completed his residency at U of C Hospitals. Dr. Primus completed Fellowship training at the Southern California Center for Sports Medicine.

Dr. Primus' medical career follows a remarkable career as a Wide Receiver with the NFL's **Chicago Bears** and **Denver Broncos**. At Colorado State University, he broke all WR records, was a four-year letter-winner and, after his records stood thirteen years, was inducted into their Hall of Fame.

Dr. Primus is a member of the American Academy of Orthopedic Surgeons, the American Orthopedic Society for Sports Medicine, the Arthroscopy Association of North America, the Cook County Physicians Association, the National Medical Association and the National Football League Players Association.

Dr. Doré DeBartolo is a graduate of the Chicago College of Osteopathic Medicine, completed her family medicine residency at Advocate Christ Medical Center and sports medicine Fellowship at the Kaiser Permanente Medical Center.

Board Certified by the American Osteopathic Board of Family Physicians and American Board of Family Medicine and Board Certified in sports medicine, she has served as the team physician for Division I athletic programs.

She formerly held Notre Dame's record in discus, hammer weight throw and shotput and IHSA state record in discus and was a stand-out student athlete at the University of Florida.

Dr. DeBartolo is fluent in English & Italian.

URGENT CARE

GET BACK IN THE GAME
with excellent
medical care - from one
athlete to another.

When an athlete - especially an adolescent - is injured, special care, experience and training is needed to quickly and accurately diagnosis and begin treatment of the injury.

Chicago Center for Sports Medicine and Orthopedic Surgery's team of physicians are fellowship trained and board certified in sports medicine. Both of our physicians understand your athlete's drive and dreams, because as former elite athletes, they have been there themselves.

Dr. Gregory Primus' experience includes a record-setting career at the University of Colorado and three years in the NFL. Dr. Dore DeBartolo is an American record holder in Track & Field and overcame a severe knee injury to continue her record-setting career at Notre Dame and the University of Florida.

You can trust CCSMOS to provide the finest, most technologically advanced urgent care for your athlete.

**On-site diagnostic testing, treatment
and brace fitting available
every Saturday from 9 am to 12 pm.**
